

Watershed Wise Landscape Program

G3 Classes: Los Angeles

Our professional training boosts your Green Career. You will learn how to transform existing landscapes into Restored Urban Watersheds. Learn how to Calculate and Communicate these changes and build your business with a group of like-minded professionals through fun, practical, and challenging hands-on classes. Become a part of the G3 Community.

JOIN US:

We are looking for a few motivated people to become leaders in the environmental community. To spark change. To save the world. Join our growing network of trained members as:
